EMERGENCY MOTION TO SET ASIDE TEMPORARY RESTRAINING ORDER

TO THE HONORABLE JUDGE OF SAID COURT:

NOW COMES Respondent/ Mother Kelly Long, and files this Motion to Set Aside Temporary Restraining Order and would show the court the following:

I. History

1. **July 2, 2020 –** This case was Ordered to be transferred from Comal County, Texas.
2. **July 27, 2020** – Petitioner/ Father did not show up to the parties Ordered exchange. Petitioner's former counsel, Meredith Chacon, and current counsel, Elizabeth Nielsen were contacted concerning this without explanation.
3. **July 27, 2020** – Petitioner's former counsel, informed Respondent's counsel that Petitioner/ Father had hired new counsel, indicated that she had signed a motion and order of substitution, and cc'd Elizabeth Nielsen on the email.
4. **July 28, 2020** – Petitioner/Father filed his Petition to Modify Parent-Child Relationship and Application for Ex Parte Temporary Restraining Order without notice to Mother's counsel.
5. **July 28, 2020** – Petitioner/Father and his former counsel, Elizabeth Nielsen, obtained dates for a hearing on their Temporary Restraining Order and set same for hearing

without conferring with Mother's counsel.

6. **July 28, 2020** – Respondent/ Mother filed a Petition for Writ of Habeus Corpus and noticed opposing counsel.
7. **July 29, 2020** – Petitioner's Ex Parte Restraining Order was signed by the Court without Respondent's counsel being noticed of the hearing.
8. **August 12, 2020** – Petitioner's Counsel, Elizabeth Nielsen withdrew as Petitioner's attorney of record.
9. **August 12, 2020** – The case was set for hearing on Petitioner's Temporary Restraining Order. Petitioner was not represented by counsel and did not present any evidence at the hearing.
10. **August 12, 2020** – The visiting Judge, Lori Hockett, extending the Temporary Restraining Order until August 20, 2020 and Ordered that Respondent have a supervised weekend visit with her children in the interim.

II. The Current Temporary Restraining Order Should Be Set Aside in the Interests of Fairness and Equity

Temporary Restraining Orders expire after (1) any time specified by the Court but shall be in effect for no more than fourteen days after the order is signed, or (2) the date of the hearing on the temporary injunction . TEX. R. CIV. P. 680. The Court may extend a temporary restraining order for good cause shown for an additional fourteen days. TEX. R. CIV. P. 680.

In the present case, the date of the hearing was exactly fourteen days after the Temporary Restraining Order was signed by the Court. At that hearing, Petitioner was unrepresented by counsel, and did not introduce any evidence relating to the allegations made in his Application for Ex Parte Temporary Restraining Order, or at all. Two Child Protective Services (hereinafter

"CPS") caseworkers who had witnessed the forensic interviews of the children on August 11, 2020 testified that there were no outcries of abuse made by the children, and that they had no concerns regarding the children being returned to Respondent/ Mother's home. The Court was not presented with any evidence that justifies an extension of the temporary restraining order, and therefore, it should be set aside.

III. The Current Temporary Restraining Order Should Be Set Aside Because Respondent is Not a Danger to the Children

In Petitioner's Application for Ex Parte Temporary Restraining Order and supporting affidavit, it was stated that Petitioner was seeking a temporary restraining order due to concerns and allegations of sexual abuse concerning the party's daughter, Sophie Long. It was also stated that Petitioner had concerns that there was domestic violence occurring between Respondent, and her fiancé Jacob Bellington.

In the August 12, 2020 hearing, the Child Protective Services caseworkers testified that there were no outcries of abuse made by the children at their forensic interviews. Furthermore, the caseworkers both testified that there were no concerns regarding the children being at the mother's home.

Petitioner's concerns of domestic violence were previously investigated by Child Protective Services, and the allegations were ruled out. The case was closed on July 27, 2020. Respondent and Jacob Bellington both volunteered to complete services through Family Based Safety Services (hereinafter, FBSS).

Petitioner did not present any evidence at the hearing to show that Respondent was a danger to the children, or that her home was a dangerous place for the children to be.

IV. An Emergency Exists to Set Aside the Temporary Restraining Order Because

Petitioner is a Danger to the Children

At the hearing on August 12, 2020, the CPS caseworker Chelsea Deel, testified that there were concerns for the children at Petitioner's home. Specifically, in the children's forensic interview conducted on August 11, 2020, the children made statements that their father, Petitioner, ran out of their home in Seguin, Texas to chase a vehicle while wearing a bullet proof vest and holding a gun while they were present this summer. Additionally, there was testimony from Ms. Deel that the child, Sophie Long, was exhibiting paranoia around the Petitioner and his fiancé/ wife. Sophie stated that she writes down license plate numbers and believes that they are being followed in the car. Petitioner has exhibited similar Paranoia in the past, and had the children escorted to their forensic interview at the Guadalupe County Children's Advocacy Center on August 11, 2020 by the Bikers Against Child Abuse.

Furthermore, at the August 12th hearing, Petitioner stated that he was set up to have the children attend their regular school, in Collin County, virtually through Zoom while they are in his care. Respondent informed the teacher of this and provided Petitioner with the Zoom information for the children's classes. Sophie Long was not present for her first day of school, Thursday, August 13, 2020. The school has now informed Respondent/ Mother that the children will have to be withdrawn because they are not present within Frisco ISD. Please see Respondents' Affidavit attached hereto as **Exhibit A** and incorporated herein for all intents and purposes. There is serious concern that Petitioner will not make the children go to school virtually, in any school district, and that they will be academically and socially behind for the school year. Due to Petitioner's repeated statements that he will flee with or hide the children, there is immediate concern that he is hiding or secreting the children, and that he will continue to emotionally harm the children and place them in dangerous situations.

PRAYER

WHEREFORE, PREMISES CONSIDERED, Respondent requests that the Court set aside the current Temporary Restraining Order for the grounds specified herein and in the interest of fairness and justice and for such other and further relief that may be awarded at law or in equity.

Respectfully submitted,

AFFIDAVIT FOR KELLY LONG

Kelly Long appeared in person before me today and stated under oath:

"My name is Kelly Long. I am above the age of eighteen years, and I am fully competent to make this affidavit. The facts stated in this affidavit are within my personal knowledge and are true and correct.

My name is Kelly Long and I am the Respondent/ Mother to Sophie Long, born on September 16, 2010, Jack Long born on November 11, 2011 and Lucas Long born on December 19, 2013. Their Father and Petitioner is Michael Long (hereinafter known as "Michael"). Kourtney Chalmers, (hereinafter known as "Kourtney"), Step-mom of the children. Jacob Bellington (hereinafter known as "Jake") is my fiancé and father of my fourth child.

I have not seen my children since July 12, 2020. Per my current order, they were to return to me on July 27, 2020. On that date when I went to the exchange point designated in my current order, Michael did not make himself present with the children. His former attorney was contacted regarding this, but only stated that the children were safe and nothing more.

On July 28, 2020 Michael filed a Petition to Modify and requested an ex parte temporary restraining order based on allegations of sexual abuse against my daughter Sophie. On that same day, I filed a writ of habeas corpus in the same court, before I knew that Michael had requested the ex parte temporary restraining order.

On July 29th, the ex parte temporary restraining order was granted without notice to me or my attorney. The hearing on the temporary restraining order was held on August 12, 2020 and two Child Protective Services caseworkers were present and testified at the hearing. Both caseworkers, Jimmy Dodd and Chelsea Deel, were remotely present during my children's interview at the Guadalupe County Children's Advocacy Center on August 11th and testified to what they witnessed in the interview and what concerns they had. Both caseworkers testified that there were no outcries of abuse made by the children, and that they had no concerns with the children returning to my home in Collin County.

Chelsea Deel also testified that the children stated alarming and concerning things about their time at the father's house. Ms. Deel testified that the children stated that their father chased a car near the house while wearing a bullet proof vest and carrying a gun. Furthermore, Ms. Deel testified that she was concerned for my daughter Sophie at Michael's house because she was exhibiting signs of paranoia. Specifically, that Sophie stated that she would write down license plate numbers in a notebook, and believed she was being followed on her way to Target with Kourtney. Ms. Deel testified that Sophie stated that Kourtney pulled up pictures on Facebook, showed them to her, and asked if that is who was following them. She also stated that Sophie only had bad things to say about me and only positive things to say about Michael in her interview on the 11th. Sophie is also very hesitant to interact with me when she is at Michael's or when she comes home from Michael's. Ms. Deel testified that this was strange, and when combined with Sophie's behavior towards me when she returns from Michael's house, I am concerned that Michael is seeking to alienate me from my children.

Ms. Deel's testimony has greatly concerned me that my children are being exposed to dangerous situations and that they are experiencing emotional trauma. Ms. Deel also testified

that the children showed up to their interview on August 11th being escorted by the Bikers Against Child Abuse. Michael often believes that he is being followed, and I am concerned that he is projecting his paranoia onto my children.

At the hearing on August 12th, Michael testified that he would have the children set up for their first day of school, August 13th, via Zoom. I sent Michael the Zoom information for their classes on August 12th. I was informed by other parents that Sophie was not present in her classes via Zoom. On the afternoon of the 13th, I was notified by the school that they would have to withdraw the children because they are not present within Frisco ISD. Please see the correspondence from the school attached hereto as Exhibit 1 and incorporated herein for all intents and purposes.

Michael previously informed me that he has been in communication with a tribe in Arizona that has agreed to hide our children as he believes that the world is going to end. He has posted on social media about our case and how the United States Airforce has personally provided him equipment to protect his family. He stated that his options include "flee(ing) with my family to a non-extradition country." Please see the Facebook post attached hereto as Exhibit 2 and incorporated herein for all intents and purposes. May of 2020 is when the harassment and his manic episode began again, from numerous calls to Child Protective Services to calling the Police Department to do welfare checks on the children at 3:00 a.m. Michael continues to frighten Sophie through interrogation, telling her I am going to call the police on him, and providing self-addressed envelopes to her for secretly communicate and requesting she provide code words for the danger she is in. Please see the notes attached hereto as Exhibit 3 and incorporated herein for all intents and purposes.

At the August 12th hearing the Judge did not rule on the temporary restraining order but

reset the hearing until August 20th. I believe that my children's mental health and physical well being are at risk if they remain with Michael at his home in Seguin. Furthermore, they will not have access to education for the next week if they remain in Michael's care, which is extremely important for their social and academic development. I am worried that Michael will flee with my children, and further emotionally damage them the longer they are in his care. I am asking for my children to be returned to me and that Michael Long be temporarily restrained from have possession of or access to the children.

Good Afternoon Ms. Long,

Students must be physically present within the Frisco ISD school zone to start school per the Texas Education Agency. Since Sophie, Jack, and Lucas are not local at this time, we will not be able to keep their enrollment active at Smith. We will have to withdraw them for the time being. Not to worry, when they return we will reactivate their student records. We will try keep their assigned teachers. Unfortunately, because they won't be active in our student database, FISD cannot provide specific lessons or materials for them.

When they return to Frisco, please let me know and we will make sure they are reactivated and we are prepared for them.

If for some reason they remain with dad for a time, Texas law mandates that they have to be enrolled in some educational setting within 10 days of being withdrawn from their previous school.

I know it's a challenging time and we will do our best to make this easy for you.

Thank you,

I am in a challenging situation and I need assistance. I am tired of the corruption. I fear for the safety of my children and no one is helping them. I won't be quiet. Evidence has been distributed, and we are now concerned for our own safety. For those who truly know me, please help us now.

My name is Michael Long, and I need your help Alex. I need it very, very soon before my 4 children and immediate family are sacrificed as collateral damage to cover up a scandal within CFPS, Collin County, the Governor's Office, and Frisco PD. I am in dire need of your freedom fighting network and truth seeking team to protect my three beautiful children, Sophie, Jack, and Lucas Long, who are currently in the midst of a terrible situation. They have been left in the hands of a criminal family that is protected by corrupt elements within our state and local institutions. By the time we realized the level of involvement, we knew this needed to be exposed and that we were in way over our heads.

I can no longer wait because, just yesterday, I was given 3 legal options and alerted to the counter campaign they have deployed.

1. Attempt to save them temporarily with our preponderance of evidence, but at a cost beyond our reach, only to be immediately moved to the court

I am a citizen of The United States of America and a fellow Texan. As a family, we live on our property here at the base of the Capote Hills in Seguin. I refuse to accept this kind of corrupt takeover of our institutions by pedophiles, drug dealers, and corrupt government officials. We're being pushed into a corner by the overwhelming corruption and I need an ally that exposes the truth. You and Owen are the only people in the media at this point who I trust to do the right thing, and I assure you, I will give this fight every last piece of my remaining strength. Unfortunately, the enemies of truth are on the horizon and they will stop at nothing to cover up their lies and collusion. We have so much evidence, that shutting us down is their only option. And in protecting their greedy, self serving agendas, they're about to place three of my children right into their crosshairs.

He called me directly after I waited over 12 hours from the time my Priority 1 call (73568391) was reported (8:22pm on May 28th). His background needs to be verified, but based on what we uncovered, he has a laundry list of criminal charges, including assault with bodily injury and evading arrest that date back to the 90s. Does Martin Ubaldo Lopez always call Priority 1 callers? Or is it only in the instances when the organization has committed gross negligence as a favor to cross state criminals, crooked cops, good old boy networks, and organized crime related families. 1. Attempt to save them temporarily with our preponderance of evidence, but at a cost beyond our reach, only to be immediately moved to the court system in Collin County where they intend to shut down our pursuit to protect my children in an effort to cover up their own gross negligence and criminal affiliations.

2. Flee with my family to a non extradition country to avoid their corruption, leaving behind our land, nation, and heritage.

3. Slowly back away from these criminals and hope they don't punish us for demanding protection for my kids and exposing their identities. This ultimately leads us back to the first option and us begging them for forgiveness because we exposed them, pursued the path of truth, and stood up to the criminals who are attempting to hide their wickedness and exploit my children.

He went so far as attempting to convince us that one of the parties responsible for the care of my children lacked a criminal background after we officially reported the incidents to authorities and stared at the records. Rita Kruger was the CFPS investigator assigned when our complaints first started to be ignored. She released our identities to the parties who I suspected to be in the act of drugging my children at a remote location in Boise City, OK owned by Margaret Apperson. Daniel Wayne Apperson was left in charge of their well being. He is a convicted felon for serious drug and fraud charges in the State of Texas and he has direct ties into the family. We have already made and distributed many copies to trusted individuals who will leak the entire batch of files. But, before it has to go that far, I'm begging for help to put a stop to this corruption and disgusting attempt to sacrifice the innocent for the benefit of those who have failed to protect them.

I need the help of someone like you and other individuals who demand justice and hold our government agencies accountable for the protection of the innocent and the safeguarding of our children.

Looking Forward,
Michael Long

Hi Rita. I hope you're having a good day. Do you have any updates regarding the case that I should be aware of before I speak with them this evening? We have located the criminal records on Uncle Dan (Dan Apperson). As suspected, it was a felony meth conviction. This ties directly back to my concerns when they were in Oklahoma about my daughter's statements (forced to lick salt rocks that were delivered by Dan's friend) and the strange nuances I noticed in the communication and disposition of my children. Again, to an outsider it may be hard to notice, but Jack and Sophie particularly looked and acted different. And it was quite obvious that Sophie was being

outsider it may be hard to notice, but Jack and Sophie particularly looked and acted different. And it was quite obvious that Sophie was being coached during the call as soon as Uncle Dan was brought up. Furthermore, we came across a drug conviction for Jake Bellington from a few years back that we were previously unaware of. A felony that was dropped to a misdemeanor in court. I should have more information on this by next week.
I called in originally because I had serious concerns about the welfare of my children and the people they were surrounded with. I spent an entire week uncertain about their whereabouts and who was in their company. Everything I've

uncertain about their whereabouts and who was in their company. Everything I've uncovered since that time has only increased my concern. My opinion aside, I can't imagine how this situation wouldn't cause major concern for anyone reviewing this scenario objectively and without the natural inclinations of a parent to protect their children.
Please let me know where things stand when you have a moment. Once again, I am happy to provide you with any and all documentation you require for a thorough review of this case. Thank you Rita 🙏
